*Dear Steve:*

*Thanks for your call today. I'm enclosing \_\_\_\_\_ for two (2) Gilbertson  
Universal Sparrow Traps.*

*As I mentioned, we now have 75 boxes on our community's trail. We  
originally erected Peterson and NABS boxes, but we have added several  
Gilbertson boxes in the past couple of years. We have not had a sparrow  
problem in the Gilbertson boxes. I always like to be prepared, however, and  
if the Universal Trap also works in other box types we will certainly make  
use of them!*

*Along with the two traps, please send me any informational materials which  
you have, and we'll take a good look at everything.*

*Thanks again.*

*Best regards,*
