

3/18/02

Steve,

Thanks for building  
such useful birdhouses.

I've had a terrible time  
trying to keep the sparrows  
out of our traditional houses.

Saturday, we removed  
them and replaced with  
your PVC models.

The bluebirds have, <sup>already</sup> won  
the battle with the sparrows,  
and have, now, taken  
residence!

Please mail us 2 more  
PVC boxes - a check  
will be included.

Thanks!

Janie.

I'm Susan

mother.

She lives next door to us, and  
doesn't have the large oak & pecan trees  
that we do - plus sparrows!
