May 24, 2007

Dear Mr. Gilbertson:

I wanted to thank you again very much for sending the sparrow trap to me so quickly.

We received it on Monday the 21st. We installed it that evening, and the very next morning we were able to eliminate the Male.

Today we eliminated another male.

We are so glad for this trap, it works so well. Thank you for a great product, and thank you again for sending it before you received my check (which I trust you have received by now).

Sincerely,

Margi
